

Yes I am writing concerning LPFM station. In my opinion it would be wrong to change the current status were they would take priority over existing stations such as Airl 89.5 Victorville which is wholly listener supported. This station provides an alternative to all the negative airplay we now find rampant in our society. And after the Janet Jackson fiasco during the Super Bowl i'm sure you can agree that we need an alternative source of entertainment. I fear that if Airl is removed it would only be replaced by another shock jock or talk radio/sports station and since there are very few and in our area only one such station of this type it is truly unique. Thank you Joe Norris
